

THE WELLNESS CENTER BY DR. MIGNON CELEBRATES 2ND ANNIVERSARY WITH COMMUNITY COLLABORATION AND CELEBRATION

TALLAHASSEE, FL – The Wellness Center by Dr. Mignon is celebrating their two year anniversary with a celebration and community collaboration themed “*Plunge into the New You*”.

On Saturday, January 16, 2010 from 11 a.m. to 2 p.m. Tallahassee’s first ladies of media, education, politics, medicine and business will be in attendance, in addition to some very special guests from the PACE School for Girls. Proceeds from a silent auction and sales generated the day of the event will support programs designed to help PACE girls become more effective citizens through acts of kindness, community stewardship, and civic action.

The line-up also includes: anti-aging rejuvenation and wellness education from Dr. Mignon, live demonstrations of cutting-edge face, body, weight and wellness services, the roll-out of exciting VIP and referral and loyalty programs, new specials and promotions, a live remote with a radio personality from HANK FM, healthy refreshments, drawings and giveaways!

“This facility was always intended to be a one-step modern medical center providing true wellness for all ages, and leading the way towards healthcare transformation in the Tallahassee area. We are proud to have grown closer to the vision in spite of the economic challenges of 2008 and 2009. We envision continued growth and development of our holistic wellness programs, particularly as people are becoming more educated and proactive to get healthy and improve their lifespan.”

About The Wellness Center by Dr. Mignon

Founded in January of 2007, The Wellness Center is Tallahassee’s all inclusive medical facility for wellness for all ages. The only comprehensive center of it’s kind, it includes Impact Health, The Women’s Center at Impact Health, The Wellness Center by Dr. Mignon and Transformations. Mignon Lawson Emerike, M.D. is originally from Tallahassee and returned to build a practice of bariatrics, pediatrics, anti-aging and esthetics.
